

Inauguration Ceremony for the National Rice Research and Training Centre (NRRTC)

On the 15th of November, Ambassador Daisuke Matsunaga attended the Inauguration Ceremony for the National Rice Research and Training Centre (NRRTC). These new facilities, which consist of such structures as the lecture hall, the training building, were constructed through the counterpart funds supported by the Government of Japan. With the new facilities, it is expected that more agricultural technicians and researchers will be trained there and equipped with crucial knowledge and skills.

Mr. Gedu Andargachew, President of the Amhara Regional State; Dr. Kaba Urgessa, State Minister of Agriculture; Dr. Gebregeziabeher Gebreyohannes, State Minister of Agriculture; Mrs. Aynalem Nigussie, State Minister of Agriculture; Mr. Sani Radi, State Minister of Agriculture; and Dr. Eyasu Abraha, Advisor to the Minister of Agriculture, also attended the Ceremony.
