

Japan Supports Stabilization Recovery for Communities Affected by Gedeo-West Guji Displacement

The Government of Japan is assisting the UNDP by providing funds of USD 1 million for “The Stabilization Recovery Support for Communities Affected by Gedeo-West Guji Displacement” project to prevent an acute humanitarian crisis that has inflicted significant damage on public and private lives and their properties. Denmark is also assisting the project.

On July 9th 2019, H.E. Mr. Daisuke Matsunaga, Ambassador of Japan to Ethiopia, visited Hawassa with representatives of the Ministry of Peace, National Disaster Risk Management Commission (NDRMC), UNDP and local governments and discussed planned activities, expected outcomes, outputs and approaches for the effective implementation of the project.
