

The Opening Ceremony of JICA's International Training at EWTI

H.E. Mr. Matsunaga Daisuke attended the opening ceremony of JICA's international training at the Ethiopian Water Technology Institute (EWTI) on 10 February 2020. In this training program, JICA teaches Ethiopian and Sudanese trainees business management, media and communication skills, and Kaizen related water management. EWTI is an organization responsible for technical training in the water sector of Ethiopia. JICA supports the EWTI by strengthening its training and management skills.

At the ceremony, Ambassador Matsunaga mentioned that Japan has supported the EWTI for over 20 years and said that he hopes the trainees would apply what they have learned to improve stable access to clean water in their home countries.

Speech by H.E Mr. Matsunga
