

## International Women's Day Events

On the 9<sup>th</sup> of March 2023, the Embassy of Japan hosted two events to celebrate International Women's Day (8<sup>th</sup> March). In a panel discussion, four Japanese women working for various international humanitarian or development organizations in Ethiopia discussed how they work with, and for, vulnerable people to help them to address various challenges. After the discussion, a reception provided an opportunity for Japanese women working in various humanitarian and development organizations, female heads of diplomatic missions and international organizations, as well as Ethiopian female leaders and others to network and discuss women's empowerment and gender equality.
