

## Japan ICRC Joint Event

On 23 March 2023, the Embassy of Japan together with the International Committee of the Red Cross (ICRC) hosted an engagement event with the donor community. The two keynote speakers from ICRC provided briefings on contemporary challenges to International Humanitarian Law (IHL) and implications for ICRC protection activities. The briefings and discussions were attended by nearly twenty Ambassadors or their representatives based in Addis Ababa. A reception which followed them provided an opportunity for the donor community and ICRC to exchange views on current humanitarian situation and needs in Ethiopia and how the international community could respond.
